

# Group bookings and mobile vaccination service

Helping more people access to COVID-19 vaccines

**OFFICIAL**

## Group bookings and mobile vaccination for eligible people

The Victorian Government is delivering vaccines in convenient ways so [eligible individuals](#) can get vaccinated.

If you are currently eligible, there is a range of ways you can access a COVID-19 vaccine.

Where you can get vaccinated	How to book an appointment
Doctor's clinic Community health service Aboriginal Community Controlled Health Organisation	Use the <a href="#">Australian Government Eligibility Checker</a> to find a vaccine provider near you. You can book online or by calling the provider.
Victorian Government vaccination centre	Use the <a href="#">online booking system</a> or call the <a href="#">Coronavirus Hotline</a> on <a href="#">1800 675 398</a> .

## Group bookings

Registrations are open for people to book as a group at a Victorian Government vaccination centre or for a mobile vaccination service. This means that Victorians can invite other eligible individuals from their workplace and local community to get vaccinated together.

It is recommended you provide everyone in the group with a copy of the [COVID-19 vaccination consent form](#), and the [declaration of eligibility](#). These should be completed before the appointment to make it easier for everyone to get vaccinated quickly.

- Available for eligible groups at vaccination centres across Victoria
  - Everyone in the group must be [eligible to get vaccinated](#).
- People will receive Pfizer COVID-19 vaccine if they are under 60 years and AstraZeneca COVID-19 vaccine if they are 60 years or over. Some people are [eligible to receive Pfizer regardless of their age](#). Language interpreters can be made available as required.
- To ensure we can reach those who are most at risk of catching or getting very sick from COVID-19, some groups will be prioritised. Examples of people that will be prioritised for the mobile vaccination service:
  - people that are vulnerable or at high risk of COVID-19
  - residential aged care workers and residents

- residential disability care workers and residents
- high risk accommodation residents
- meat and fish processing workers, including associated cold chain.
- You do not need to provide the names of individual group members when you make the booking. Group members provide their details when they attend the booking.
- Make sure everyone in the group is ready to receive their vaccination. People should bring ID and their Medicare card or individual health identifier.
- If you, or someone in your group, has questions about getting vaccinated they need to speak to their doctor prior to receiving the vaccine. This service does not include a consultation with a clinician prior to vaccination.

## Mobile vaccination service

The vaccination service can send health professionals out to provide COVID-19 vaccines to your group of eligible people at a location you have nominated.

- This service is prioritised for groups where it is not practical or feasible to travel to a vaccination clinic.
- At least 50 eligible people must be available to get vaccinated (some exceptions may apply).
  - Everyone in the group must be [eligible to get vaccinated](#).
- To ensure we can reach those who are most at risk of catching or getting very sick from COVID-19, some groups will be prioritised. Examples of people that will be prioritised for the mobile vaccination service:
  - people that are vulnerable or at high risk of COVID-19
  - residential aged care workers and residents
  - residential disability care workers and residents
  - high risk accommodation residents
  - meat and fish processing workers, including associated cold chain.
- You do not need to provide the names of the individual group members when you make the booking. Group members provide their details when they attend the booking.
- The visit will be a single visit, so all interested people will need to be able to attend on the nominated day at the agreed time.
- To deliver a mobile service the vaccine team need an appropriate space to deliver vaccines. The vaccine team need an indoor location, running water, and access to power.
- If you, or someone in your group, has questions about getting vaccinated they need to speak to their doctor prior to receiving the vaccine. This service does not include a consultation with a clinician prior to vaccination

## Information for completing the Registration of Interest form

- To make a request for a group booking or mobile vaccination service, please complete the Registration of Interest form.
- The form takes around 5 minutes to complete.

- To help us assess your request you need to provide the following information:
  - Information about the eligibility of the group of people to receive a COVID-19 vaccine (for example people with medical conditions or disabilities).
  - Postcode where the group is located so that we can match your request up with the local vaccination service.
  - Approximate number of people who will be vaccinated
  - If your group needs an interpreter or assistance with communication. This will help us to plan for an interpreter or language service to support the group on the day of vaccination.
- A contact person will need to provide a phone number and email address, so they can be contacted by the vaccination service about your request.
- A confirmation will be sent to your nominated email address after your submission.
- You will be contacted by a member of the team within 10 business days of completing this form.
- Please email [covidvaccination@health.vic.gov.au](mailto:covidvaccination@health.vic.gov.au) with details of your request if you have not had a response within 10 business days of submission.

To receive this document in another format, phone 0437 468 149, using the National Relay Service 13 36 77 if required, or email [COVIDvaccination@dhhs.vic.gov.au](mailto:COVIDvaccination@dhhs.vic.gov.au) Authorised and published by the Victorian Government, 1 Treasury Place, Melbourne.
